With Gravel Guard for FC-150
'Jeep' Forward Control

KING WINCH
MODEL F191T* or F198T**
With Gravel Guard for FC-170
'Jeep' Forward Control

THE LIGHTEST, MOST POWERFUL FRONT-MOUNT WINCH FOR THESE VEHICLES

King Winches for FC-150 and FC-170 'Jeep' Forward Control have a pulling capacity of 8,000 lbs. with single line, and a safe hoisting capacity of 3,000 lbs. with double line and sheave block. Gear ratio is 36:1. The lightweight, high-strength shafting, dependable long-wearing gearing and the virtually indestructible cable drum make the King Winch unsurpassed for dependable service and durability . . . available with single or dual split-shaft power take-off. GRAVEL GUARDS (Model F90T) fit between the front bumper and body . . . add to the appearance of the vehicle and protect headlights, windshields and body finish from rocks, dirt, etc.

*191-Single power take-off
**198-Dual split-shaft power take-off
